Good morning Mayor Mills. Hope you had a great weekend. Now I don't mean to be a bother but now that we have purchased all of the equipment our club needs we really need some storage space in the existing under utilized container. At present I have everything in my van which I am driving around with but yesterday I purchased a sod roller( see below) for pitch preparation which is too heavy to be driving around with.

Good morning Mayor Mills. Is it possible for DCC to share the existing storage container with SCC pending the outcome of our request. Please advise

Good morning Sir. As per our meeting last Thursday I am now making a formal request for a storage container for DCC. If another cannot be provided then I suggest we be allowed to share the existing one which is under utilized with SCC. Thanks
