Hello Jennifer,

I hope this email finds you well.

We are super excited to share with you about the launch of the first annual Word of Mouth Monologue Competition. This Dufferin County-wide event will create a meaningful opportunity for children and youth aged 8 to 17. [You can find all the details here.](#)

We are aiming to have the final event later this year, (late August) and wanted to inquire about the possibility of filming it (with no audience) at Grace Tipling Hall.

I am emailing to inquire if the town would consider being a sponsor and waive the rental fee or provide it at a discounted rate, as it is not a ticketed event and will be broadcast for free online.

Please let me know if any or both of these requests are a possibility and if you need anything further than the information in the link above.

Looking forward to hearing from you.

Thank you so much for your time and consideration.
