Dear Premier Ford,

Re: Colour Coded Capacity Limits

At its meeting held on March 1, 2021, Sarnia City Council discussed the challenges local businesses are facing with respect to the colour coded system within the Province's COVID-19 Response Framework. The following motion was adopted:

That Sarnia City Council strongly advocate to the Province of Ontario that they adjust the capacity limits for dining, restaurants, sporting and recreational facilities, places of worship, event centers, and all retail/small businesses as part of the colour coded system.

The following rationale was provided with the introduction of the motion:

- The red zone currently only allows 10 people indoors at a dining or a sporting / recreational facility (regardless of the size), places of worship are capped at 30% or 50 people, and retail / small business is limited to a 50% capacity.
- These businesses and organizations have heavily invested in facility improvements and expensive upgrades to ensure safe social distancing and have all the appropriate safety and protection measures in place.
- Businesses in particular cannot properly plan under the current uncertainty and that means the loss of jobs and income for both workers and owners as well as mental health challenges.

- Indoor capacity limits for restaurants, dining, sporting / recreational facilities, event centers, retail / small business, and places of worship should not involve arbitrary numbers (regardless of size), but instead be changed to the amount of people per facility which ensures that strict and safe social distancing can be maintained.

Sarnia City Council has requested that all municipalities in Ontario join this advocacy effort.

On behalf of Sarnia City Council, I look forward to your reply.

Sincerely,
