Please state the purpose of your delegation request (state your position taken on issue, if applicable) *

I'd like to request that council consider adding north/south stop signs on Gordon Street at First Ave W, immediately.

Gordon St is a main artery of school traffic to Hyland Heights and CDDHS and the number of children/teens crossing at this junction is increasing substantially. With the new development slated at end of First and Second Ave W, we've seen an increase of utility/development traffic passing through this area. With the narrowing of Gordon at First Ave, visibility is extremely poor at best for students and the new crossing guard. Many times, busses will stop to allow kids to cross while other cars continue through confused, as no stop sign. I've witnessed several close calls even with the crossing guard present, where cars are not stopping and kids/guard jump back onto curb. The space between busses squeezing through car traffic and kids standing to cross is alarming.

I feel for the safety of our children, this intersection should be a 4-way stop to allow safer crossing and respectfully ask council to consider this delegation as an urgent matter.

Thank you in advance,
Mairi MacRae
