Report: LS2024-07

Subject: **Consideration of Temporary Parking Relief for the Holiday Season**

Recommendation

BE IT RESOLVED THAT Council receives report LS2024-07 for information;

AND THAT Council grants relief to traffic bylaw #8-1983, as amended by bylaw #25-2012 to permit on-street parking for December 24, 25 & 31, 2024.

Background

Council has asked staff to review a possible allowance for temporary parking relief on Christmas Eve, Christmas Day (December 24, 25) and New Year's Eve (December 31) in support of family celebrations during these significant holiday periods.

Traditionally, many families and individuals participate in festive activities and family gatherings during the Christmas holidays. As a result, the demand for on-street parking in some areas of Town rises significantly, often leading to frustration for residents and visitors alike to locate parking availability while complying with the Town's traffic bylaw and winter parking requirements.

Current Parking Regulations

The current on-street winter parking restriction is from November 15 to April 15 - 12am to 8am. While these regulations are designed to manage on-street parking in order to facilitate winter operations and comply with minimum maintenance standards, they can create barriers for those wishing to participate in family holiday celebrations.

Recommendation for Parking Relief

To allow residents and visitors the ability to participate in family holiday celebrations the following are recommendations for Council's consideration:

1. **Suspension of Parking Permits for Municipal Lots:** Allow overnight parking in municipal lots December 24, 25, and December 31 until 11:59PM the following day, New Years Day (January 1, 2025). Parking tickets will not be issued.
2. **Grant Relief for On-Street Parking:** Allow on-street parking from 12am to 8am - December 24, 25 and 31. Parking tickets will not be issued.
- 3. **Communication:** Utilize social media and local news outlets to promote the initiative.

Resident Considerations

In the event of a snowfall, roads and sidewalks will be cleared as best as possible. We kindly request that the public be courteous and avoid blocking driveways or parking in prohibited fire routes.

In addition, residents are encouraged to consider the situation if inclement weather occurs and snow plows and clearing equipment need to be on the streets.

If that happens, vehicle owners are asked to move their vehicle to a more appropriate location to allow maintenance crews to get their job done and plow the streets.
