Shelburne, ON

Hello Members of the Town of Shelburne Council,

You have to STOP all these subdivisions that you have been allowing. This once peaceful & friendly community is anything BUT now. All I hear day in & day out is the sound of sirens. All I hear about too is the violence going on in Our Once Very Peaceful Community.

These subdivisions have brought up people from the GTA & Peel regions and All their Criminal ways with them. Fights, Stabbings, Shootings, Car Thefts, Home Break-ins are going on over & over again...

The LOSS of woodlands & green spaces has also been Over-whelming!!! The birds & animals that USE & NEED these spaces are also Under Threat Because of Your Careless Planning...putting people OVER Wildlife is A Serious Downside on your part!!!

So... PLEASE STOP the Rezoning of Agricultural & Green Space/Woodlands to Building Sites!!! Help to SAVE Our Ever-decreasing wildlife population.

From a Very Concerned Citizen,
Sincerely,
Timothy 'TJ' Stevens

Check out the Species At Risk in Ontario... A few live in Dufferin County.
